Executive Committee Meeting August 15, 2018 One Stop Career Center

#### Attendance

James Drew    Stephanie Koch    Joe Kelly    Rhonda Lowery  
Riaz Rajput    Eric Reynolds    Candace Titanski

#### Minutes

This meeting was called to order at 9:12am with the approval of minutes from the previous meeting by Eric R. and Jim D.

#### Financial Report

Extending from the last meeting it was noted that the Chamber (vendor) numbers were not accurately displayed in the previous report. As a result, the numbers are as follows: 103 employed with an additional 34 submitted on 8/9/2018. Expenditures are \$8.1 million in the budget; during this contract period 72% was spent with three invoices currently not received.

#### Training

PY17- 373 enrolled, 286 completed, 104 employed @21.18%, 79 training related employment. The ITA report shows that currently 15 enrolled with no completions as of yet however a report will be generated regarding training expectations; the vendors have the expectation that jobs are in line at the end of training, however our report reflects employment and the financial report reflects the training and the One Stop also has performance measures that are required to be met. There is a method of tracking that we use for referrals going to the Chamber therefor it is the endeavor to obtain those numbers as well. John F. added that he will insert a footnote on the report.

Rhonda L. explained that a new Youth supervisor Tyrone P. has been appointed therefor Youth Corp is now a separate area. Ideal is very innovative with the youth and will continue to provide services; WFNJ will also refer youth ages 18-24. Mainland Regional High services the in school youth. Going forward, Eric R. cited that they will track referrals for PY18 and will forward the numbers to Mona T. and Marian W.

Riaz R., Chair Report- the So. Jersey Collaborations meeting with the Commissioner went well. WaWa proposed that the goal is to hire 5000 people in Atlantic County and has now crossed the 30,000 employment mark. Jim D. added that the Borgata has approximately 200 openings as it has been challenging to fill positions.

Rhonda L. Executive Director Report- Should the CNA bill pass there will be an increase in job openings. The goal is to launch a “job interest” Career Fair to encourage the youth train in this area to fill these openings and this would be on an ongoing basis. Salaries should increase based on the outcome; CHHA are more prevalent now due to the poor treatment and care in the nursing home setting. The AC Electric project is underway and we are working with Roy F. for the Line School Training portion. A PSA will be generated for marketing purposes. Eric R. added that

they are working with PSE&G to fill 70 openings. The parking lot bid has not put out as of yet. Should anyone have a desire to attend the GSETA Conference the WDB will cover the registration.

Adjourned 10:28am
